

# Hong Kong Branch Seminar Series

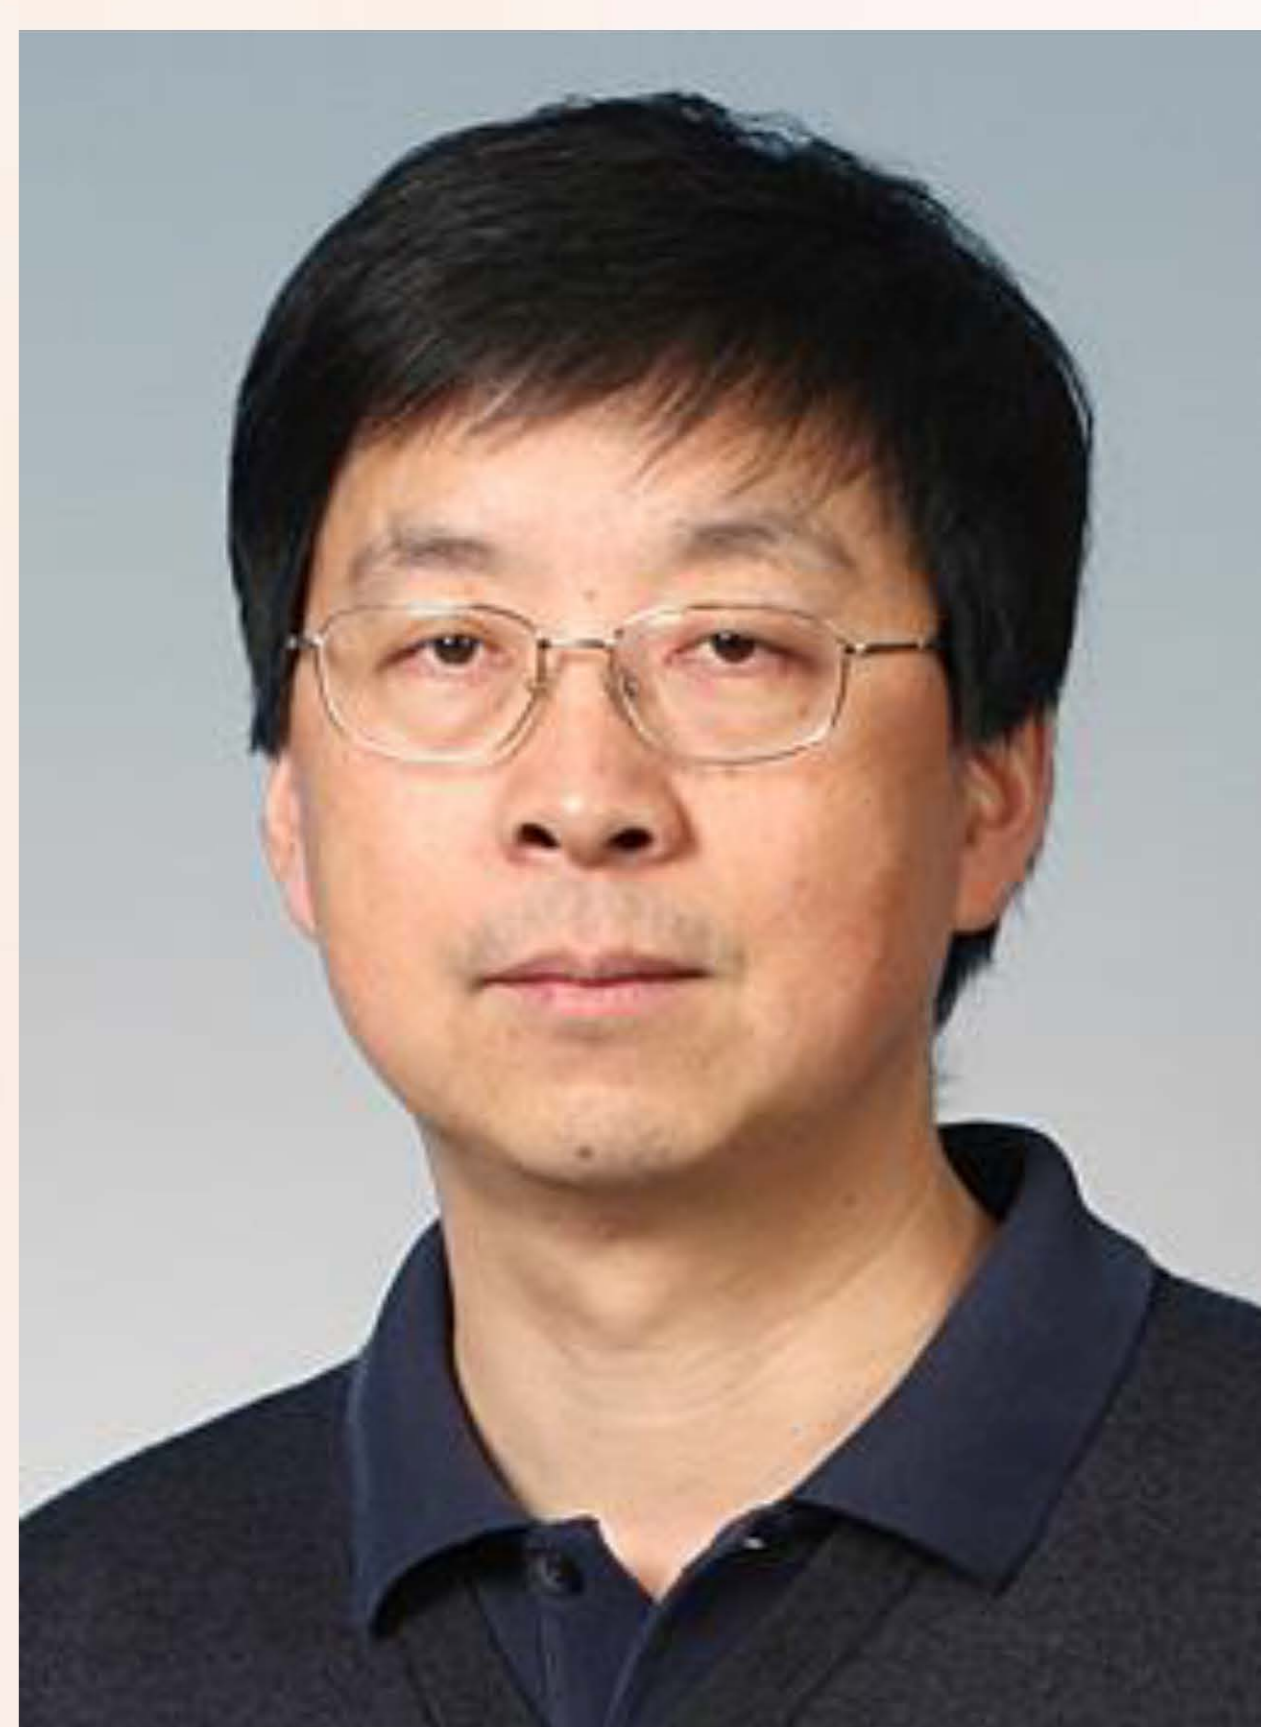

## Natural products and chemical synthesis

Seminar Hosts: Prof. Pei-Yuan Qian & Prof. Philip Yongxin Li

**Prof. Zhihong Guo**  
**The Hong Kong University of Science  
and Technology**

**Title: Domain alteration catalysis in  
natural product synthesis: implications  
for lasso peptide biosynthesis**

**Prof. Guang Zhu**  
**The Hong Kong University of Science  
and Technology**

**Title: G-quadruplex Structures Formed  
by Human Telomeric DNA and C9orf72  
Hexanucleotide Repeats**

**20 August 2020 (Thursday) | 9:30am-11:00am  
(Hong Kong Time)**
